TESTIMONIALS

Leadership Illinois opened my eyes to the range of opportunities available to women at any stage of their career, the joy of providing mutual support to colleagues, and the rewards of being part of an organization that continues to give back to the women of Illinois.
- Beth, Higher Education Professional, Class of 2006

Leadership Illinois marked the beginning of an educational renaissance for me, inspiring me to become an active student of leadership. Now, years later, I regularly find myself in front of a class facilitating leadership education.
- Deb, Chief Executive in Healthcare, Class of 2009

I was accepted into Leadership Illinois when I was in the midst of launching my own company. The conferences armed me with vital knowledge and a new professional passion. They inspired me to turn the "idea" of a company into the "reality" of a successful business.
- Bianca, Attorney, Class 2011
