Jasmeen Bains is an associate with a unique edge: she combines sharp litigation skills with a strong transactional background. Jasmeen partners with clients to help them understand their legal options and make informed decisions that align with their goals.

Her litigation experience includes drafting discovery requests and responses, preparing case status reports, conducting legal research on procedural and substantive issues, as well as supporting clients through settlement negotiations.

At the same time, her transactional experience — that provides her a practical understanding of how deals and disputes intersect — covers secured and unsecured financings, equity and venture capital financings, corporate governance, compliance, and due diligence.

Jasmeen's approach is collaborative and grounded in clear communication, helping clients navigate complex matters with confidence and clarity.
